FORWARD

The general goal of the Giles County Public Schools is to provide the opportunity for maximum development of each student as an individual and a contributing member of society.

In order to encourage self-direction on the part of students, rigid restrictions are not necessary for initiating and maintaining harmonious relations among students and to guide them into proper and constructive courses of action. Mutual respect of the school community is a highly desirable goal.

GILES COUNTY PUBLIC SCHOOLS

S. C. A. MESSAGE TO THE STUDENT BODY

Dear GHS students of 2017-18,

I'm extremely excited and hopeful for this upcoming school year. My goal is to make this school year a positive experience for all students. I am available for any questions or suggestions you may have. Feel free to message me on my Presidential Twitter account (@Riv_SCAPREZ) or find me in the hallways.

In order for this school year to be successful and enjoyable I need your help. We need to show our school spirit and participate in all school events to promote GHS this year. I ask the student body to participate in the spirit weeks and attend all the sporting events possible so we can support each other. Remember to always treat others with respect because we are in this together, we are all Spartans. Let's make this school year at Giles High School the best we've ever had.

Sincerely,

River Lang
SCA President

***GILES HIGH SCHOOL*
HOME OF THE SPARTANS**

Welcome back!

This Spartan Handbook provides a reference for bell schedules, lunch schedules, club information, building floor plan, the student code of conduct and a great deal of other useful information. Areas of emphasis will be discussed as your handbook is reviewed in your English classes at the beginning of the year. If you have any questions that cannot be answered in your handbook, please ask your teachers or administrators. I want all of our students to feel that GHS is a safe and secure learning environment; if you feel that there are areas that we can improve, we are always open to any recommendations as we continue to strive for excellence.

Giles High School has set strong academic standards in the classroom along with the opportunities for students to accumulate over 40 hours of college credits through New River Community College while attending Giles High School. In addition to the academic opportunities at GHS, we have a partnership with the Giles County Technical Center and the Southwest Virginia Governor's School which will allow students to accumulate additional transferable college hours.

Additionally we are very proud that along with our strong academic standards, Giles High School has extracurricular activities such as clubs, athletics, chorale, band, and other organizations that can meet the needs and interests of every student. We only ask that you get involved and find what is right for you. Take advantage of the opportunities that we have to offer. Have a great year!

Sincerely,

Ross Matney

Principal, Giles High School

STUDENT CONDUCT

The standards of student conduct are designed to define the basic rules and major expectations of students in the public schools of Giles County. It is the responsibility of the Giles County School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members, and parents are provided the opportunity to become familiar with this policy.

The superintendent issues Standards of Student Conduct, and a list of possible corrective actions for violation of the Standards of Conduct. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights. The Standards of Student Conduct and a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law is also sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct, the requirements of Va. Code & 22.1-79.3, and the compulsory school attendance law is also be sent. Parents are notified that by signing the statement of receipt, they are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school maintains records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or principal's designee to review the School Board's Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of

SPARTAN HANDBOOK

others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct and compulsory school attendance. Parents are also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parent's responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal may notify the parents of any student who violates a School Board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (4) that a petition with juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or principal's designee notifies the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

If a parent fails to comply with the requirements of this policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

Students are subject to corrective action for any misconduct that occurs:

- in school or on school property
- on a school vehicle
- while participating in or attending any school sponsored activity or trip
- on the way to and from school; and
- off school property, when the acts lead to: (1) notification pursuant to Va. Code §16.1-305.1 or a conviction for an offense listed in Va. Code § 16.1-260, (2) a charge that would be a felony if committed by an adult, or (3) disruption of the learning environment.

Unlawful acts which will lead to police notification and may lead to suspension from classes, exclusion from activities or expulsion include but are not limited to:

- possession or use of alcohol, illegal drugs, including marijuana and anabolic steroids or drug paraphernalia

SPARTAN HANDBOOK

Any student involved in a reportable drug or violent incident shall participate in prevention and intervention activities deemed appropriate by the Superintendent or superintendent's designee. Further, any student who has been found to be in possession of or under the influence of drugs or alcohol on school property or at a school sponsored activity may be required to (1) undergo evaluation for drug or alcohol abuse and (2) participate in a drug and/or alcohol treatment program if recommended by the evaluator and if the parent consents.

The superintendent issues regulations listing additional actions which may be cause for corrective action and if serious enough or exhibited repeatedly may lead to suspension or expulsion.

The School Board biennially reviews the model student conduct code developed by the Board of Education to incorporate into policy a range of discipline options and alternatives to preserve a safe and non-disruptive environment for effective learning and teaching.

GUIDANCE SERVICES

COUNSELING STAFF:

Mr. Ken White- 8th, 9th, 10th

Ms. Carolyn Ballard- 11th, 12th

Mrs. Crystal McMahan – **Guidance Secretary**

The guidance and counseling programs at GHS are designed to assist students in developing personal potentials and abilities to meet compatible goals with student interest. The variety of services offered by the counselors include:

1. **PLANNING AND PLACEMENT:** Through individual and group guidance, students are made aware of course offerings and requirements for graduation. Early in the second semester, an individual interview is held with each student to assist in selection of courses for the following school year. The schedule is planned and approved by the student, parents, and the counselor.
2. **PERSONAL/SOCIAL COUNSELING:** Assists a student in developing an understanding of him/herself and of the rights and needs of others; in resolving conflict; and in defining individual goals, reflecting his interests, abilities, and aptitudes. Such counseling focuses on specific concerns.
3. **FURNISH COLLEGE INFORMATION:** Information areas containing college catalogs, financial aid and scholarship books, and related materials are located in the Career Center in the Library and in the guidance office. You are urged to use these materials; they can be checked out for overnight use. Several videotapes are available for checkout also. Students will be assisted with their college plans through individual conferences as well as group guidance units in the classroom.
4. **FURNISH EMPLOYMENT INFORMATION:** Through group activities conducted by the guidance staff and English teachers, students are informed and taught job placement skills such as how to find a job, how to properly complete job applications, appropriate conduct in a job interview, and how to prepare resumes.
5. **TESTING AND APPRAISAL:** The Guidance Department is responsible for coordinating and administering all school testing programs. The SAT is scheduled for a January test date each year. Counselors will assist the student and the student's parents in interpreting the results of the tests.
6. **FOLLOW-UP:** A follow-up study of graduates is completed annually by the Guidance Department. Seniors are informed that they will be contacted by guidance personnel sometime after graduation to secure information on their current status and request suggestions for improving the quality of education at Giles High School.
7. Materials used in the guidance and counseling program are available for parental review. Interested parents should schedule an appointment with the school counselor for this purpose.

SPARTAN HANDBOOK

A parent may wish to limit participation of his or her child in the Giles County secondary school guidance and counseling program. In this circumstance, the parent/guardian should contact the school principal for further information.

GUIDANCE AND COUNSELING PROGRAM

School Guidance and Counseling Services

Each school provides the following guidance and counseling services to all students:

- Academic guidance which assists students and their parents to acquire knowledge of the curricula choices available to students, to plan a program of studies, to arrange and interpret academic testing and to seek post-secondary academic opportunities.
- Career guidance which helps students to acquire information and plan action about work, jobs, apprenticeships and post-secondary educational and career opportunities.
- Personal/social counseling which assists a student to develop an understanding of themselves, the rights and needs of others, how to resolve conflict and to define individual goals, reflecting their interests, abilities and aptitudes. Information and records of personal/social counseling will be kept confidential and separate from a student's educational records and not disclosed to third parties without prior parental consent or as otherwise provided by law. Parents may elect, by notifying their child's school in writing, to have their child not participate in personal/social counseling.

No student is required to participate in any counseling program to which the student's parents object.

The guidance and counseling program does not include the use of counseling techniques which are beyond the scope of the professional certification or training of counselors, including hypnosis, or other psychotherapeutic techniques that are normally employed in medical or clinical settings and focus on mental illness or psychopathology.

Parents are notified annually about the counseling programs which are available to their children. The notification will include the purpose and general description of the programs, information regarding ways parents may review materials to be used in guidance and counseling programs at their child's school and information about the procedures by which parents may limit their child's participation in such programs.

Employment Counseling and Placement Services

The School Board provides to secondary students employment counseling and placement services to furnish information relating to the employment opportunities available to students graduating from or leaving the schools in the school division. Such information includes all types of employment opportunities, including, but not limited to, apprenticeships, the military, career education schools and the teaching profession. In providing such services, the School Board consults and cooperates with the Virginia Employment Commission, the Department of Labor and Industry, local business and labor organizations and career schools.

GENERAL ACHIEVEMENT DIPLOMA

For a student to receive a certificate of program completion at graduation, they must meet the credit requirements for the standard diploma (22 credits). However, these students will not be required to obtain verified credits under this plan. Students will have the option to take the GED and qualify for the general achievement diploma after their 12th grade year has ended and they have reached their 18th birthday.

FILE: IGBI

Advanced Placement Classes and Special Programs

- Any student who misses 13 or more days cannot participate in a school sponsored field trip that would require the student to be absent from classes for 1 full day. Only extenuating circumstances will be reviewed by administration for exceptions to the policy. Academic standing in any class may also be factored into this decision.

SPARTAN HANDBOOK

- If you miss 3 periods, you may not attend any school sponsored event scheduled for that day unless the absence is a verified excused absence (Note from Doctor, Dentist, Court Officer etc.) A death in the immediate family may be accepted based on the principal's evaluation of the situation.
- For those students who are not successful on the SOL test or who fail the course, they must take the final exam/project and it shall count the current 1/7 of the final grade.

ADDITIONAL INFORMATION TO BE CONSIDERED FOR STUDENT PROMOTION

Students who have not successfully mastered the appropriate skills at their grade level shall be considered for a summer remediation program if one is available. If they successfully complete this program, placement at the next grade level will be reconsidered. If students are not successful in this program or cannot attend, then they will be considered for placement if an in-school or after-school remediation program is established for them the following year. The Virginia Department of Education has determined that the SOL's are an important part of the education and assessment of all students in Virginia. Giles County Schools also support this position. In so doing, the school system has purchased software that is to be used for student remediation. This software is expected to be part of any remediation program.

It is imperative that parents/guardians are involved with this process and understand they must accept responsibility for the student's education including any remediation that may be established.

STUDENT COOPERATIVE ASSOCIATION

Every student at Giles High is a member of the Student Cooperative Association. The officers of SCA are elected in the spring; a Chairman is appointed by the officers and the sponsor, and representatives are elected from first period classes. Student Council meets during a regular class period once each six weeks and may have special meetings at any time.

Since every student at GHS cannot attend the council meetings, it will be the responsibility of the first period representatives to report SCA activities to their classes. When it comes time to vote, be sure to vote wisely and elect a hard worker.

Please keep in mind that our SCA is here to improve instruction and school climate and you can do your part by cooperating and working with school personnel. The SCA will work closely and directly with the faculty and administration for the year. Remember the SCA works along with the faculty and administration to solve problems/concerns or help find solutions for problems/concerns.

Show your school spirit all year, not only for sports, but for your SCA also. An active SCA (both the students and the school) greatly benefits from active individual participation. **DO YOUR PART** – make yourself and Giles High School NUMBER ONE. The sponsor is Mr. Mitch Reed.

The ISS program is designed to allow students who have exhibited inappropriate school behavior or have not followed school rules and regulations to complete their assignments in a restricted environment, be counted present, and receive credit for completed class work. The ISS environment provides a well-supervised, self-contained classroom. Although, the in-school supervision program is not intended to replace all other means of disciplinary action, students can be assigned to ISS because they have violated acceptable codes of student conduct. Students assigned to ISS will not be present or participate in any after school functions on a day they have been assigned ISS. If a student is absent from school on the day ISS is to be served, the restrictions will remain in effect until assigned suspension is completed.
2. Demerits: Students are given demerits on a variable basis depending on the seriousness of the misconduct and its frequency. A student must receive at least five demerits before being placed in ISS. Each increment of 6 demerits is equivalent to one day in ISS. Demerits are erased when a student completed his/her time in ISS.
3. Following is a partial list of unacceptable behavior for which demerits are assigned and the amount of demerits associated with a particular behavior:

CLASS I

When a student demonstrates repeated behavioral problems resulting in ISS in excess of more than two assignments to ISS, a conference between parents (s) and the school's guidance department will be necessitated. Appropriate administrators and/or teachers may be involved in the conference.
6. Important: It is the philosophy of GHS that the educational interests and safety of all students be recognized and observed at all times. The school will make every attempt to consider individual student needs in a fair and consistent manner. It cannot be over-emphasized that high school students are expected to take responsibility and ownership of their actions. It is

NOTICE TO SPECTATORS

In this day and age sports play an important role in one's high school career; therefore, good sportsmanship is vital. In order to maintain sportsmanlike conduct we, the student body of Giles High School, will abide by a code of fair play in each sport in which we participate. According to the Virginia High School League rules governing spectator behavior, the spectator should:

- (1) Realize that he represents the school just as definitely as a member of a team, and, therefore, has an obligation to be a good sportsman, encouraging through behavior the practice of good sportsmanship by others.
- (2) Recognize that good sportsmanship is more important than victory by approving and applauding good team play, individual skill, and outstanding examples of sportsmanship and fair play exhibited by either team.
- (3) Recognize that, since the primary purpose of interscholastic athletics is to promote the physical, mental, moral, social, and emotional well being of the players through the medium of contests, victory or defeat is, in reality, of secondary importance.
- (4) Treat visiting teams and officials as guests, extending to them every courtesy.
- (5) Be modest in victory and gracious in defeat.
- (6) Respect the judgement and integrity of officials, realizing that their decisions are based upon game conditions as they observe them.
